

Relay terminal box for 24 circuits manual

CC II - AD2 - TBOX

※ 1 The connection terminal is a screw-less terminal Compatible $\varnothing 0.4\text{mm} \sim \varnothing 0.65\text{mm}$ cable.

※ 2 The connection terminal is a quick terminal Compatible $\varnothing 0.4\text{mm} \sim \varnothing 0.65\text{mm}$ cable.

Installation conditions and conditions of use

Operating ambient temperature	0 ~ 40 °C
Operating ambient humidity	25% ~ 85% (With no condensation)
Working voltage	Input voltage AC100v ~ 240v Output voltage DC2.4V ± 10%
Usable cable	$\varnothing 0.4\text{mm} \sim \varnothing 0.65\text{mm}$

⚠ CAUTION Do not short circuit the power. Can cause fire or malfunction.

⚠ CAUTION Do not connect the power supply wires to terminal other than those specified. Can cause fire or malfunction.
